Discussion and Decisions

#	Discussion and Decisions
1.	Shoba, the senior lecturer, came up to us after the presentation to let us know that the font size was too small to see from the back of the room. This will result in deduction of points.
2.	We quickly decided that Andrey will go home, edit the presentation and re-submit according to Shoba's comments.
3.	Other than that, we thought we did a good job.
4.	We discussed and confirmed which topics we will be choosing, we stuck with the ones we chose for our presentation
